

keycard basic

A reusable RFID card that gives you access to some unique business advantages.

Make the most of a deposit business model

- Get extra cash in the bank with reusable cards you can charge a deposit to issue.
- Card surface can be printed and deleted, so that a card is often reusable.

One card, many uses

- Cards can be used at multiple resorts and for complementary services such as car parking.
- Multiple applications allow you to bundle products and form valuable business partnerships.

A unique card that sets you apart

- Customize cards with your corporate ID and boost income by incorporating sponsor ads.
- A highly durable card that withstands the temperature extremes inherent in your business.

Why it's the card of choice

- Users enjoy hands-free scanning when loaded with ski gear.
- You enjoy fast scanning of users through gates and security features to minimize fraud.
