

TL360

A disposable ticket that is essential for your business success.

It uniquely combines sustainability with economic and environmental considerations using FSC materials and PET for improved durability.

Save Money with Every Ticket

A high-quality but still low-priced data carrier. Ideal for short-term tickets such as day passes. You don't need additional printing material such as color ribbons at the cash register.

Responsible Behavior

Act responsibly. The decision for the barcode ticket TL 360 is a decision for the environment. FSC™-certified: The paper for the ticket comes from responsible sources. The ticket is free of PVC and Bisphenol A.

Valuable Marketing Possibilities

Design tickets based on your corporate design. Increase revenue with sponsored advertising.

Reliable and Robust

The ticket offers the most reliable and fastest way to issue access authorizations. Thanks to the robust design, the ticket is ideal for single, multiple and day trips in summer.
