Door.Gate 'Event'

Access with style

The stylish Door.Gate is an access terminal for any VIP lounge that is designed to boost user convenience and efficiency.

Secure

With Door.Gate you can rest assured that only authorized persons are admitted to the designated venue area. This way, it provides effective protection against fraud.

Functional

The high-class display is ideally suited for presenting on-screen advertising and information, providing a convenient direct communication channel for addressing your visitors.

Stylish

Your guests will enjoy the easy-to-operate, intuitive design. With its elegant exterior design, the device is also sure to wow your guests already at the entrance gate.

Efficient

Door.Gate comes equipped for all kinds of data technologies, including barcode, RFID and NFC. Door.Gate also saves you the need for manual inspections and related resources.
